## **PUBLIC COMPLAINTS ABOUT EMPLOYEES**

The Board recognizes situations may arise in the operation of the school district which are of concern to parents and other members of the school district community. While constructive criticism is welcomed, the board desires to support its employees and their actions to free them from unnecessary, spiteful, or negative criticism and complaints that do not offer advice for improvement or change.

While speakers may during public meetings offer objective criticism of school operations and programs, the board will not hear personal complaints concerning district personnel nor against any person connected with the school system unless that complaint is an agenda item having followed the process described below. To do so could expose the board to a charge of being party to slander and would prejudice any necessity to act as the final review of administrative recommendations regarding the matter. The board president will direct the patron to the appropriate means for board consideration and disposition of legitimate complaints involving individuals.

Any complaint about school personnel other than the superintendent will be investigated by the administration before consideration and action by the board. The board will not hear charges against employees in open session unless an employee requests an open session.

The board firmly believes concerns should be resolved at the lowest organizational level by those individuals closest to the concern. Whenever a complaint or concern is brought to the attention of the board it will be referred to the administration to be resolved. Prior to board consideration however, the following should be completed:

- Matters concerning an individual student, teacher, or other employee should first be addressed to the teacher or employee.
- Unsettled matters from above should be addressed to the principal for certificated employees and the superintendent for support staff.
- If a matter cannot be settled satisfactorily by the superintendent, it may then be brought to the board. To bring a concern regarding an employee, the individual may notify the board president for inclusion on the board agenda of a regularly scheduled board meeting in accordance with board policy.

It is within the discretion of the board to address complaints from the members of the school district community, and the board will only do so if they are in writing, signed, and the complainant has complied with this policy.
