## VANDALISM

The board believes everyone should treat school district buildings and sites and property with respect for the benefit of the education program. Users of school district property shall treat it with care. Employees discovering vandalism should report it to the principal as soon as possible.

Persons suspected, found or proven to have destroyed or otherwise harmed school district property may be subject to discipline by the school district, if the person is under the jurisdiction of the school district, and may be reported to local law enforcement officials. Persons who are not under the jurisdiction of the school district and who are suspected, found or proven to have destroyed or otherwise harmed school district property shall be reported to the local law enforcement authorities.

The superintendent, the principal or their designees are authorized to sign a criminal complaint against persons suspected of vandalism against school property. It is the intent of the board to seek damages as permitted by law from anyone who vandalizes school property and/or their parents or guardians.
